

1B - COVERING BASE - LH FIELDER

COVERING BASE

The left hand fielder uses the same footwork for any infield hit

1. Run to 1B and hit corner closest to the infield with LEFT foot (inside of bag/infield corner)
2. LH fielder DOES NOT replace feet
3. Toe is on the ground with ball of foot touching the base (not the heel)
4. Square up to infield
5. Left foot is 'anchored' to same corner of bag
